Total Estimated Cost CMEL + CSEL: \$47,640.00

Prerequisites:

- F.A.A. Third Class Medical Certificate (or above)
- 18 years of age or older at completion.

Notes:

- This is an all inclusive, intensive program designed for individuals who wish to achieve professional pilot's license. The course fees are estimated based on FAA minimum requirements and Jeppesen training curriculum. The estimated minimum training time (Full time basis) is six to twelve months.
- Actual hours needed to complete the training may be higher than stated above because of the skill level of the individual. Additional costs may be incurred because of these additional hours.

Hourly fees:

- Instructor Fee = \$45/hour.
- Airplane costs are:
 - Cessna 152 = \$71/hour
 - Cessna C172N/Warrior II = \$99/hour
 - Piper Arrow II = \$120/hour
 - Piper Seneca I = \$210/hour)
- All prices are cost estimates are based on fuel prices as of January 1st, 2009. These prices are subject to change at any time
